

1

After 33 years in law enforcement I retired and want to continue my civic duty representing the constituents of my district and the people of Wright County. I dedicated my life and career to protecting the citizens of Wright County and I am ready to continue that work by ensuring your voice is heard at the county level.

2

My four main goals are Maintaining fiscal responsibility and controlling property taxes. Supporting law enforcement and first responders. Addressing infrastructure in both growing and rural areas as well as promoting smart balanced development that preserves our Wright County quality of life. I plan to accomplish these priorities by using effective leadership by use of common sense solutions, transparency, and a willingness to listen to all constituents. I will bring my extensive experience in public safety, community engagement and problem solving to the county board. I built strong relationships across the county, gaining firsthand insight into the challenges facing residents, businesses, and local governments.

3

I want to work together with the county board to solve the problems facing our citizens, businesses and local government. I will use my integrity, practical approach, and deep understanding of the county to address any projects, issues and tasks that are presented to and addressed by the board. I want to maintain transparency with the citizens regarding all issues I will face. You will be able to call, email, or send me a letter regarding any concern you may have no matter how big or small. I want citizens to trust the board and myself to act in their best interests.

4

I believe the exposure that the recommendation can create will help get the word out about my candidacy. It will begin the process of creating trust and open communication. It's the first step in transparency the citizens desire and need. I was recommended four years ago and nothing has changed other than I retired.

5

I will use the recommendation to highlight my conservative stance on most issues. I will use it to expose voters to myself and the party.

6

I am pro 2A and have carried a firearm for over 33 years as a peace officer. I support legal law abiding citizens right to posses and carry firearms. Wright county is a 2A sanctuary county and I plan to keep it that way. I am conservative and want to eliminate wasteful unnecessary spending. I want to hold those that spend wright county tax payer money accountable. I want to eliminate and prevent fraud from getting a grip in Wright county. I support law enforcement and first responders in their respective jobs. Defunding them is not a option.

7

I have attended Wright County Republican meetings in the past. I volunteered at the Republican booth at the Wright county fair several years ago and plan to be there several days this year.

8

I have the support of two current county board members Nadine Schoen and Jeanne Holland. I also know and support Kirby Moynagh. He replaced Michael Kaczmarek. I also know Tina Diedrick and

Derek Vetsch. Tina is in the republican party. Tina has pledged support to the winner. Tina did not seek reelection.

9

I am not the incumbent. I did run four years ago and was Recommended by the Republican party.

10

I have not been convicted of a Felony. I was a Deputy Sheriff for 31 years and have 33 years total in law enforcement. I had a security clearance high enough to provide security for Mikhail Gorbachev's visit to the United States, security for the RNC when it was here in Minnesota. The ATF has done two security checks on me for the possession of a suppressor. I have a permit to purchase and carry through the sheriff's office which requires FBI checks.
